

D&D: BASIC

Read Languages

Range: 0 (caster only)
Duration: 2 turns

This spell will allow the caster to read (not speak) any unknown language or code, including treasure maps, secret symbols, and so forth.

Read Magic

Range: 0
Duration: 1 turn

By casting this spell, magical words or runes on an item or scroll may be read. Without this spell unfamiliar magic cannot be read or understood, even by a magic-user. However, once a scroll or runes are looked at with a **read magic** spell, the magic-user becomes able to understand and read that item later without the spell. A magic-user's or elf's spell book is written so that only the owner may read them without using this spell.

Shield

Range: 0 (caster only)
Duration: 2 turns

This spell circles the spell caster with a magical barrier between the caster and his or her enemies. It moves with the spell caster. It gives the caster an Armor Class of 2 against missiles and AC 4 against other attacks.

Sleep

Range: 240'
Duration: 4-16 turns

This spell will put creatures to sleep for 4d4 turns. The caster can only affect creatures with 4 + 1 hit dice or less. Only 1 creature with 4 + 1 hit dice will be affected; otherwise, the spell affects 2-16 (2d8) hit dice of creatures. The **undead** cannot be put to sleep. When affecting a group of creatures of mixed levels (hit dice), lower level creatures will always be put to sleep before higher level ones. Any "pluses" are ignored (for example, 2 + 1 hit dice is treated as 2 hit dice). Creatures with less than 1 hit die are still considered as 1 hit die. Any sleeping creature may be awakened by force (such as a slap). A sleeping creature may be killed (regardless of its hit points) with a single blow with any edged weapon. **EXAMPLE:** A party encounters 4 hungry lizard men. Sarien, an elf, casts a **sleep** spell at them. The DM rolls 2d8; the result of 7 means that 7 levels of creatures are affected. Lizard men have 2 + 1 hit dice each, treated as 2 for the effects of this spell. Three lizard men fall asleep: 7 divided by 2 equals 3½, but a creature cannot be "partially" asleep from the spell.

Ventriloquism

Range: 60'
Duration: 2 turns

This spell will allow the caster to make the sound of his or her voice come from someplace else, such as a statue, animal, and so forth.

SECOND LEVEL MAGIC-USER AND ELF SPELLS

Continual Light

Range: 120'
Duration: permanent

This spell creates a globe of light 60' in diameter (not equal to full daylight) which will continue to shed light forever (or until it is dispelled). When cast at a creature's eyes, blindness may result (see **light**).

Detect Evil

Range: 60'
Duration: 2 turns

This spell can be used to detect evil intentions, or evilly enchanted objects within 60' causing the creatures or objects to glow. Actual thoughts are not detected; only the "feeling of evil". The exact definition of "evil" is left to each referee, and players should discuss this point so that all are in agreement; "Chaotic" is not always "evil". Poison and physical traps are neither good nor evil.

ESP

Range: 60'
Duration: 12 turns

This spell will allow the caster to "hear" thoughts. The spell caster must concentrate for one full turn in one direction to "hear" the thoughts (if any) of a creature within range. Any single creature's

SPELLS

thoughts may be understood (regardless of the language), but if more than one creature is in the line of "hearing", a confused jumble of thoughts will be "heard". In this case, the caster may concentrate in that direction for an extra turn to sort out the jumble and concentrate on one creature. The spell caster may "hear" through 2 feet of rock, but a thin coating of lead will block the **ESP**. The thoughts of the **undead** (if any) cannot be "heard" by means of this spell.

Invisibility

Range: 240'
Duration: permanent until
broken (see below)

This spell will make the caster or any one person or object in range invisible. When a character *becomes* invisible, all the items (but not other creatures) carried and worn by that character also become invisible. Any invisible item will become visible once again and remain visible when it leaves the character's possession (is set down, dropped, and so forth). An invisible person will remain invisible until he or she attacks or casts a spell. A source of light may be made invisible, but the light will remain visible.

Knock

Range: 60'
Duration: 1 round

This spell opens known secret doors, **held** and **wizard locked** doors, barred and otherwise secured or stuck gates, locked chests, and so forth.

Levitate

Range: 0 (caster only)
Duration: 6 turns + the level of
the caster, in turns

When this spell is cast, the caster may move up or down in the air without any support. This spell does not enable the caster to move from side-to-side. The caster could, however, **levitate** to a ceiling and move sideways by using his or her hands. Motion up or down is at a rate of 20' per round. The spell cannot be cast on another person or object. The caster may carry a normal amount of weight (possibly including another person; see **Character Movement**, page B19).

Locate Object

Range: 60' + 10' per level of
the caster
Duration: 2 turns

For this spell to be effective in finding an object, the spell caster must know exactly what the object is. A common type of object, such as a flight of stairs, can also be detected by this spell. This spell will not, however, locate a creature. The spell will point towards the nearest desired object if within range, giving the direction to it but *not* the distance. The range of this spell will increase as the caster gains experience: a 3rd level elf can **locate object** 90' away, a 4th level elf could **locate object** at 100', and so forth.

Mirror Image

Range: 0 (caster only)
Duration: 6 turns

With this spell, the caster creates 1-4 (1d4) additional images of himself or herself which look exactly the same as the caster and do exactly what he or she does. Any attack on the spell caster will strike an image instead. An attack on an image will destroy it, whether or not that attack actually "hits". The attack will be "used up", but one image will disappear and will not return (until the spell is cast again).

Phantasmal Force

Range: 240'
Duration: concentration

This spell creates or changes appearances within the area of the spell effect: up to a 20' x 20' x 20' cube. The caster should create an illusion of something he or she has seen. If not, the DM should give a bonus to saving throws against this spell's attacks. If the caster does not use the spell to attack, the illusion will disappear if it is touched. If the spell is used to "create" a monster, it will have an Armor Class of 9 and will disappear if hit. If the spell is used as an
