

MONSTERS

D&D: EXPERT

Squid, Giant

Armor Class:	7	No. Appearing:	0 (1-4)
Hit Dice:	6	Save As:	Fighter: 3
Move:	120' (40')	Morale:	7 (9)
Attacks:	8 tentacles/ 1 bite	Treasure Type:	V
Damage:	1-4 tentacles/ 1-10 beak	Alignment:	Neutral

A giant squid dwells only in deep sea, rising to the surface only to hunt. A giant squid will sometimes (25%) wrap its two long tentacles about a boat and squeeze, doing 1-10 points of damage to the boat's hull, while the beak does 2 points per round after the tentacles grapple. Giant squids often (75%) attempt to snatch seamen from the decks of passing ships and pull them to their lair below to be devoured. The lesser tentacles do constriction damage after they hit. They can be severed with a single blow that does 6 or more points, while the greater tentacles can be severed with a blow that causes 10 or more points of damage.

If its morale fails, the squid can flee at triple speed and will leave great clouds of ink (30' radius, twice per day maximum) to confuse pursuers. A large giant squid can even be double or triple normal size.

Stegosaurus

Armor Class:	3	No. Appearing:	0 (1-4)
Hit Dice:	11	Save As:	Fighter: 6
Move:	60' (20')	Morale:	7
Attacks:	tail or trample	Treasure Type:	Nil
Damage:	2-16 or 2-16	Alignment:	Neutral

These squat dinosaurs have hard upright plates of bone along their backs and 4 long spikes on the end of their tails. They will swing their tail at anything that menaces them. Stegosaurus are herbivores and prefer sub-tropical conditions. They are usually found only in "lost world" areas.

Termite, Water

	Swamp Termite	Fresh Water Termite	Salt Water Termite
Armor Class:	4	6	5
Hit Dice:	1 + 1	2 + 1	4
Move:	90' (30')	120' (40')	180' (60')
Attacks:	(see below)	(see below)	(see below)
Damage:	1-3	1-4	1-6
No. Appearing:	0 (1-4)	0 (1-3)	0 (2-7)
Save As:	Fighter: 1	Fighter: 2	Fighter: 3
Morale:	10	8	11
Treasure Type:	Nil	Nil	Nil
Alignment:	Neutral	Neutral	Neutral

Water termites vary from about 1' to 5' in length, the largest being found in ocean waters. All are shaped similar to normal termites except for an elastic body sack which can intake and expel water. When the body sack is completely expanded, the water termite looks like a large balloon with a small insect-like head attached at the front of the body. These termites jet about underwater like squids. When frightened above water, the water termite will release an irritating spray at one target. Any creature or character hit by this spray must save vs. Poison or be stunned for 1 turn. If frightened underwater, it will produce a black ink to obscure the vision of its attacker. These defense mechanisms can be used once

per turn. If backed into a corner, the water termite will attempt to bite its attacker.

The real terror of these creatures is the possible destruction they can cause to boats and ships. Water termites will cling to passing vessels and move about the bottom to find a good place to begin eating away at the wood. Once attached, each termite will do 1-3 points of hull damage to the ship or boat and then will drop off, having eaten its fill. Check for sinking (see page X63) after the water termites have begun to damage the vessel. Once a water termite damages a boat or ship, there is a 50% chance each round that someone will notice water leaking into the vessel.

Titanothere

Armor Class:	5	No. Appearing:	0 (1-6)
Hit Dice:	12	Save As:	Fighter: 6
Move:	120' (40')	Morale:	7
Attacks:	butt or trample	Treasure Type:	Nil
Damage:	2-12/3-24	Alignment:	Neutral

The prehistoric titanothere resembles a huge blunt-horned rhino, 12' tall at the shoulder. They are generally peaceful if left alone, preferring to graze grass and eat leaves off trees. In combat, titanotheres will butt or trample their opponents. Small herds of these creatures are found in the grasslands of "lost world" areas.

Toad, Giant

Armor Class:	7	No. Appearing:	1-4 (1-4)
Hit Dice:	2 + 2	Save As:	Fighter: 1
Move:	90' (30')	Morale:	6
Attacks:	1 bite	Treasure Type:	Nil
Damage:	2-5	Alignment:	Neutral

A giant toad is about the size of a very large dog, and weighs 150-250 pounds. These toads can change their skin color to blend into woods or poorly-lit dungeons, thus surprising their prey on a roll of 1-3. They can shoot their tongues out to 15' and drag dwarf-sized or smaller victims to their mouths to be bitten. On a "to hit" roll of 20, small prey will be swallowed whole, taking 1-6 (1d6) points of damage each round thereafter.

Treant

Armor Class:	2	No. Appearing:	0 (1-8)
Hit Dice:	8	Save As:	Fighter: 8
Move:	60' (20')	Morale:	9
Attacks:	2 blows	Treasure Type:	C
Damage:	2-12/2-12	Alignment:	Lawful

Treants are 18' tall tree-men who resemble trees. Treants are only concerned with protecting forests and plant life. They speak a slow and difficult tongue and distrust those who use fire. Because treants are often mistaken for normal trees, all encounters with treants take place at 30 yards or less and they surprise a party on a roll of 1-3.

One treant can animate any two trees within 60' to move at 30' (5'), and fight as treants. A treant may change which trees it is animating at will.
