

MAGIC ITEMS

There are many new magic items presented in this section of the rules. Descriptions of each may be found after the tables listing the items, under the appropriate heading. These tables have combined the magic items from both the D&D Basic and Expert rules and should be used to replace the tables found in the D&D Basic rulebook. However, only new items are described here; the other item descriptions and general guidelines (duration of potions, etc.) may be found in the D&D Basic rulebook.

The magic subtables are similar to those in the D&D Basic rules, except that the exact item is determined by rolling **percentage dice (d%)**. In general, magic items are used in the same way as before, except that many items will be much more powerful. When such items have the effect of spells whose effects change with level, consider the power of the item to be as a 6th level spell caster.
