

Sword +1, wishes: This sword will grant 1-4 **wishes** once. A **wish** can be cast by holding the sword and stating the wish. Once the sword is used in this manner, one of the **wishes** is gone. **Wishes** are very powerful magic, and should be used (and handled by the DM) with great care. See page X59 for details on **wishes**.

Sword +2, charm person: This sword can cast a **charm person** (1st level magic-user's spell) on command, up to 3 times per week. The effects are the same as the spell.

Intelligent Swords

Certain magic swords may be intelligent and have other special abilities, as well. The DM can create special intelligent magic swords or roll them randomly, using the following procedure. An intelligent sword should be played by the DM, just like an NPC character.

Rolling Up a Magic Sword

1. Find out if the sword has a **special purpose** (Optional: 1d20).
2. Determine the sword's **Intelligence** score (1d20).
3. Find the **languages** (if any) known by the sword (d%).
4. Determine the **alignment** of the sword (1d20).
5. Find the **Primary powers** of the sword (d%).
6. Roll for an **Extraordinary power** (if any, d%).
7. Roll for the sword's **Ego** score (1d12).

1. SPECIAL PURPOSE. A sword will have a special purpose if a roll of 20 on 1d20 is made (the DM may choose to omit this roll, carefully placing all special purpose swords, as they are both very powerful and very rare). Any sword with a special purpose will have Intelligence and Ego scores of 12, as well as one special purpose.

Special purpose is given to some rare swords by their supernatural creator. The following list gives some special purposes which may be used, or the DM may invent others. Only one special purpose may be given to any one magic sword.

1. **Slay magic-users** (including elves)
2. **Slay clerics**
3. **Slay fighters** (including dwarves and halflings)
4. **Slay monster** (roll for one type randomly)
5. **Defeat Law** (if sword is Lawful, Defeat Chaos)
6. **Defeat Chaos** (if sword is Chaotic, Defeat Law)

When used for its special purpose, the sword will gain one added ability, according to its alignment.

Lawful swords will paralyze a Chaotic opponent upon a hit unless the victim saves vs. Spells.

Neutral swords will add +1 to all of the user's saving throws.

Chaotic swords will turn to stone a Lawful opponent upon a hit unless the victim saves vs. Spells.

EXAMPLE: A Lawful sword with a special purpose to **slay magic-users** will paralyze only Chaotic magic-users, and only if the saving throw is failed.

2. INTELLIGENCE. Each intelligent sword has an Intelligence score, one or more Primary powers, possibly an Extraordinary power, and a method of communication. **Empathy** means that the user of the sword will somehow know what the sword's powers are and how to use them.

Die Roll	Intelligence Score	Powers	Method of Communication
1-14	None	None	None
15	7	1 Primary	Empathy
16	8	2 Primary	Empathy
17	9	3 Primary	Empathy
18	10	3 Primary	Speech
19	11	3 Primary + Reads Magic	Speech
20	12	3 Primary + Reads Magic + 1 Extraordinary	Speech

3. LANGUAGES. Speaking swords will talk aloud, usually telling the user what is desired. Any sword that can read magic can read written information in any language it can speak. A talking sword will always know its alignment language, in addition to the number of languages rolled. The DM will have to choose which languages are known by a sword.

Die Roll	Number of Languages
01-50	1
51-70	2
71-85	3
86-95	4
96-99	5
00	Roll again twice, and add the results.

4. ALIGNMENT. Determine the alignment of the intelligent sword (roll 1d20):

Die Roll	Alignment
1-13	Lawful
14-18	Neutral
19-20	Chaotic

A sword's alignment cannot be detected until it is handled. If the creature handling the sword is of the same alignment, there will be no adverse effects. However, if the alignment is different, the user will take some damage each round in which the sword is touched or held, according to the following chart:

User's Alignment	Sword's Alignment	Damage per round
Lawful	Neutral	1-6
	Chaotic	2-12
Neutral	Lawful or Chaotic	1-6
Chaotic	Lawful	2-12
	Neutral	1-6

5. PRIMARY POWERS. Roll d% to find any Primary powers a sword might have. The number of Primary powers depends on the sword's Intelligence score (see #2 above). Duplicate results should be rolled again.

Dice Roll	Primary power
01-15	Detect shifting walls and rooms
16-30	Detect sloping passages
31-40	Find secret doors
41-50	Find traps
51-60	See invisible objects
61-70	Detect evil (good)
71-80	Detect metal
81-90	Detect magic
91-95	Detect gems
96-99	Roll for 1 extraordinary power (6., below)
00	Roll twice more on this table
