

ing, and any successful attack on the user (for damage, **charm**, etc.) will break the concentration, causing the illusion to disappear.

Wand of Lightning Bolts*: This wand can cast a **lightning bolt** (as the magic-user's spell) for 6-36 points of damage. The victims may save vs. Wands to reduce damage to half.

Wand of Negation*: A charge from this wand will cancel the effect of one other wand or staff for one round. The user chooses the wand or staff to be negated and the decision to use it must be announced before rolling for initiative.

Wand of Polymorphing*: This wand can cast either a **polymorph self** or **polymorph others** magic-user's spell. The user must state which effect is desired. An unwilling victim may save vs. Wands to avoid the effect.

MISCELLANEOUS MAGIC ITEMS

These items may be used by any character class, and as often as desired, unless stated otherwise. Most of the given effects are activated simply by concentration. Some items are explained in the D&D Basic rulebook; additional items are described below.

Amulet vs. Crystal Balls & ESP: The wearer of this item is automatically protected from being spied on by someone using a **crystal ball** or any type of **ESP**.

Boots of Levitation: The wearer may **levitate** (as the magic-user's spell). There is no limit to the duration of the effect.

Boots of Speed: The wearer may move as fast as a riding horse (240' per turn) for 12 hours, after which the wearer must rest for one full day.

Boots of Traveling and Leaping: The wearer needs no rest during normal movement. The wearer may also jump, up to a maximum height of 10' and a maximum length of 30'.

Crystal Ball with Clairaudience: This works like a standard **crystal ball** and may only be used by a magic-user or elf. This item also allows the user to listen to any noise (including speech) at the place viewed.

Crystal Ball with ESP: This works like a standard **crystal ball**, but also allows the user to listen to the thoughts of creatures viewed (as the **ESP** magic-user's spell). The user may listen to one creature's thoughts.

Displacer Cloak: This cloak warps light rays: The wearer will seem to be 5' away from his or her actual location. The cloak gives a bonus of +2 to the wearer's saving throws vs. Spells, Wands/Staff/Rod, and Turn to Stone. Hand-to-hand attacks on the wearer are penalized by -2 on the "to hit" rolls.

Drums of Panic: These large kettle drums have no effect on any creatures within 10' of them. When used, all creatures between 10'-240' from the drums must save vs. Spells or run away from the user (at 3 times normal movement rate per round) for 30 rounds. If the optional **MORALE** system is used, the victims need not save vs. Spells but must make a morale check instead, with a penalty of -2 to their morale.

Efreeti Bottle: This item is a large heavy, sealed jug about 3' high. If the seal is broken and the stopper pulled, an efreeti will come forth to serve the opener once per day for 101 days (or until slain). The creature will return to its home (the fabled City of Brass) after its term of service is ended. It will serve no one but the person opening the bottle.

Elemental Summoning Devices: **Bowl of Commanding Water Elementals**, **Brazier of Commanding Fire Elementals**, **Censer of Commanding Air Elementals**, **Stone of Controlling Earth Elementals:** Each of these items for elemental control may be used once per day. They range in size from the largest (the bowl) being 3' in diameter to the smallest (the stone), a mere 6 inches across. Each item requires 1 full turn of preparation before use. When prepared, each will summon (and allow the user to control) one device elemental

of the appropriate type in 1 round. The user must maintain concentration, neither moving nor casting spells, to control the elemental creature summoned (as the magic-user's spell **conjure elemental**).

Flying Carpet: This item can carry one passenger at up to 100' per round (300' per turn), two at 80' per round, or three at 60' per round. It will not carry more than 3 passengers and their equipment.

Girdle of Giant Strength: This item will give the wearer the same chances to hit as a hill giant (if better than his or her own). The wearer will inflict 2-16 (2d8) points of damage upon any successful hit. (If the optional **Variable Weapon Damage** system is used, as explained in the D&D Basic rulebook, damages will be twice normal instead of 2d8.)

Helm of Reading Languages and Magic: The wearer is able to read any writing, regardless of the language or magical properties of the script. This does not allow non-spell-casters to use spell scrolls. This helm is fragile, however; and will be destroyed if the wearer is killed, and any hit on the wearer might (a 10% chance) destroy the helm.

Helm of Teleportation*: This item may only be used once by a magic-user or elf. It will have no further effect until a **teleport** spell is cast on it, after which it may be used to **teleport** as often as desired (up to a maximum of once per round). The user may try to **teleport** another creature or item; an unwilling victim may avoid the effect by making a saving throw vs. Spells. If used to teleport an unwilling creature the helmet will only work once, and the helm must thereafter be recharged with another **teleport** spell before again becoming useful.

Horn of Blasting: Blowing this horn creates a cone of sound 100' long and 20' wide at the far end. Victims within this area take 2d6 points of damage and must save vs. Spells or be deafened for one turn. The DM must decide how much damage the horn will do to objects; for example, the horn may have to be blown three times to destroy a 10' section of castle wall, but a wooden cottage may be flattened with a single blast! The horn may be blown once per turn.

Medallion of ESP (90'): This item will allow the user to cast an **ESP** spell (as if a magic-user) to a range of 90'.

Mirror of Life Trapping: This mirror will store man-size or smaller creatures indefinitely. Any creature of appropriate size who looks into the mirror must save vs. Spells or be sucked into it (with all things carried at the time). A mirror of life trapping can store up to 20 creatures; when full, no more will be trapped. Creatures trapped in the mirror do not age or need food or air, but are completely powerless. Anyone can talk with the creatures trapped in the mirror (if they speak the same language). If the mirror is broken, all the creatures trapped within will be immediately released.

Scarab of Protection: This item will automatically absorb any **curse** (whether by spell, scroll, or other effect). It will also absorb the clerical spell **finger of death** (the reverse of the **raise dead** spell). The scarab will work 2-12 (2d6) times before becoming worthless.
