

WILDERNESS ENCOUNTERS

While travelling in the wilderness, there is a chance that the characters will encounter creatures just as they would in a dungeon. The DM should decide how often encounter checks are made. Encounters are usually checked for once per day, but the DM may include planned encounters, or may make additional checks if appropriate. No more than 3 or 4 encounter checks should be made per day. The DM should keep track of time during the day, as it may be important whether an encounter takes place at noon, dusk, night, etc. If the DM wishes to use random rolls for encounters, the chance of having an encounter depends on the terrain the characters are in. The following table lists the major types of terrain and the numbers needed on a d6 to result in an encounter.

<u>Clear, Grasslands</u>	<u>Woods</u>	<u>River</u>	<u>Swamp</u>	<u>Mountains</u>
6	5-6	5-6	4-6	4-6
<u>Desert</u>	<u>Inhabited</u>	<u>City</u>	<u>Ocean</u>	<u>Jungle</u>
5-6	6	6	5-6*	4-6
	<u>Aerial</u>	<u>Hills</u>	<u>Barren</u>	
	5-6**	5-6	5-6	

*A roll of 5 indicates a normal ocean encounter; a 6 will result in an encounter at the end of the day in whatever type of terrain the ship has beached in. If the ship spends the entire day at sea, there will be no land encounters.

**Aerial encounters always use the Flyer table.

Once an encounter has been determined, an 8-sided die should be rolled and the result checked under the appropriate terrain column. For terrain types not listed on the encounter tables, the closest approximation should be used. The result will give the subtable to consult. A 12-sided die should be rolled and the result on the subtable will give the type of creature encountered.

The number of creatures encountered will depend upon the size of the adventuring party. Suggested guidelines have been given in the monster descriptions, but numbers may be set by the DM.

Wilderness Encounter Table

<u>No.</u>	<u>Clear, Grassland</u>	<u>Woods</u>	<u>River</u>	<u>Swamp</u>	<u>Barren, Mtns., Hills</u>
